Hi Misty,

I am able to view the attachment and the insurance still not showing in TRACK4LA. If your insurance agent has problem with the website, please contact them directly. The website is managed by City Administration Office - Rick Management.

Thanks

I've attached the accord form. Katherine tried to upload to track4la site and the site is out of date with the current version of Adobe. The track4la techs need to update the adobe program. I hope that it submitted to the site.
